Interpretacion de Laboratorios				Via Oral				Inmovilizacion cervical (traccion)			
Lectura de electrocardiograma				Procedimientos Cardiacos				Artroentesis			
Interpretacion de gases arteriales				Masaje cardiaco cerrado				Otros Procedimientos			
Examen físico complete				Macapaso externo				Control de epistaxis			
Administracion de Medicamentos				Cardioversion/Desfibrilacion				Acceso venoso subclavia			
Sedición Conciente				Resucitación cardiopulmunar				Acceso arerial			
Medicamentos intramusculares				Tecnicas Genitourinarias				Toracostomia de tubo			
Medicamentos intravenosos				Cateterizacion de vejiga				Colocación de tubo naso gástrico			
Otras Evaluaciones				Via ureteral (Foley catheter)				Lavado gástrico via TNG			
Solicitud de evaluacio por consultores				Vía suprapúbica				Paracentesis			
Admision de pacientes a consultores en casos de emergencia				Parto precipitado				Recolocación tubo de gastrostomia			
Solicitud de procedimientos técnicos para ser realizados por personal cualificado				Remoción manual de placenta				Administración de contraste intravenoso de emergencia			
Anestesia				Reparación de laceraciones				Remoción de cuerpos extraños			
Anestesia Local				Procedimientos Ortopédicos				Incisión y drenaje de abscesos			
Bloqueo de nervios regionales				Evaluación de fracturas				Manejo de heridas y técnicas de sutura			

MEDICAL PRIVILEGES DESIRED IN THE PEDIATRIC EMERGENCY DEPARTMENT												
PRIVILEGES Others	**REQ**	**REC**	**N/R**	**PRIVILEGES Others**	**REQ**	**REC**	**N/R**	**PRIVILEGES Others**	**REQ**	**REC**	**N/R**
Cuidado medico pediátrico				Desordenes alérgicos				Intoxicaciones			
Resucitación cardiopulmunar pediátrico				Asthma complicada				Veneno			
Asthma sin complicaciones				Enfermedad del suero (serum sickness)				Collagen disease			
Infecciones sin complicaciones del tracto respiratorio				Desordenes metabólicos endocrinos				Nephritis & nephrosis			
Infecciones sin complicaciones del tracto gastrointestinal				Diabetes sin complicaciones				Abuso infantil			
Infecciones sin complicaciones de la piel				Diabetes in severe acidosis				Intento suicida			
Infecciones sin complicaciones del sistema nervioso periferal				Enfermedades de la tiroide				Desordenes emocionales			
Evaluación inicial y manejo temporero de cardiovascular				Enfermedades de la glandula suprarrenal				Abuso de drogas			
Hipertensión				Disturbios de los líquidos & balance de los electrolitos				Disturbios del crecimiento y desarrollo			
Enfermedades congénitas del corazón				Leve							
Enfermedades reumáticas del corazón				Moderado							
Tracto respiratorio				Severo							
Bronchial asthma				Enfermedades de la sangre y sus componentes							
Bronchopneumonia				Leucemia							
Bronchiolitis				Aplastic anemia							
Croup				Anemia hemolítica							
Epialotitis				Anemia por deficiencia de hierro							
Subacute bacterial endocarditis				Otros manejos
